Diverse, attractive, individual: the range of genuine Mercedes-Benz accessories for the S-Class is designed to meet all your extra needs. Including ones you didn't even know you had.

Intelligent details ensure maximum comfort. Provide aesthetic highlights. Give your S-Class that unmistakable personal style you feel at home with.

Wherever you may drive.

Extras to add to the star quality

Ambience

Our individualisation products are designed with one aim in mind.

Making your car's cockpit feel as if it were made just for you. That's why the S-Class developers have set extraordinary standards in terms of quality, design and functionality. With impressive results: sumptuous leather, fine woods and exquisite craftsmanship wherever the eye looks. Feel the exclusivity.

Steering wheels

Selector levers

Interior accessories

Wood/leather selector lever
chestnut | java

Wood/leather selector lever
burr walnut | anthracite

Wood/leather selector lever
burr walnut | stone

from left to right

Wood/leather steering wheel
burr walnut | stone

Wood/leather steering wheel
burr walnut | anthracite

Wood/leather steering wheel
chestnut | java

from front to rear

Note:
The wood/leather selector levers and
wood/leather steering wheels are available
in various colours to match the interior

Vario bag

Plenty of extra stowage space for the really important things in life

“Zoom” child seat

Available with or without transponder
For children between the ages of 4 and 12. Zoom is a raised seat which ensures that the seat belt is in the correct position for the child. Belt guides at the side prevent the lap belt from repositioning itself over the child’s abdomen.

“Isofix Duo” child seat

Available with transponder
This child seat, with its harness-style seat belt, combines optimum seat comfort with the usual Mercedes-Benz standards of safety. For children aged between around 8 months and 4 years or with a body weight of between 9 kg and approx. 18 kg. The child seat can also be used in vehicles without Isofix anchorage points.

Note:

When a child seat with transponder is fitted to the front passenger seat, the automatic child seat recognition function automatically deactivates the front passenger airbag for your child’s safety

Floor mats

Rep and velour floor mats are available in various colours to match the interior

Door sill panel | illuminated |

Ground and polished stainless steel. Door sill panels can be ordered with blue or white illuminated strips

Multi-purpose rear seat protector

High-quality synthetic leather cover. Protects the rear bench seat and the rear floor area | not illustrated |

Seat covers

Hardwearing, made-to-measure seat covers in anthracite cini or alpaca grey cini protect the seats from dirt and help to prevent wear | not illustrated |

Luxury head restraint cover

anthracite, for the front head restraints | not illustrated |

Infotainment

A conference room. A concert hall. A VIP lounge. All on four wheels.

While you sit at the wheel of your S-Class and approach your destination fully relaxed, you are guided safely by innovative high-end technology, provided with the highest-quality entertainment and connected to the people you want to speak to. The journey becomes an end in itself. And the drive pure enjoyment.

DVD system

Electronic accessories

Hands-free system

Mercedes-Benz hands-free system

With automatic radio mute when the phone is in use

Note: telephone consoles are available in various colours to match the interior

DVD player

High-quality, shock-resistant DVD player for installation in the glove compartment. Requires optional extras COMAND and TV tuner. The optional rear screen can also be used with this item. Infra-red remote control supplied.

Stereo headphones

For the DVD system. Volume adjustment and mute button integrated in the connector cable, Neodym magnets for dynamic sound quality.

Regional navigation CD-ROM

For the COMAND system. (Available for various European countries.) | not illustrated |

QuickParc

Parking aid, integrated in the rear bumper, with four ultrasonic sensors and acoustic/visual warning system | not illustrated |

CD changer

6-CD changer

Transport

You want to get things moving. Systematically.

The carrier systems ensure that whatever you need to take on your journey – your ski equipment, surfboard or bicycles, for example – will travel from A to B in style. And without any effort on your part, because ease of use is a top priority here.

1 2

Alustyle basic carrier bars
In aluminium, with powder-coated diecast aluminium feet. Unladen weight: 5.0 kg

3

4 5

6

Alustyle sports and luggage container

For up to four pairs of downhill or six pairs of cross-country skis, plus ski sticks and four pairs of ski boots. Capacity approx. 280 litres. Can be opened from both sides. | see illus. on pages 16/17 |

1 Alustyle surfboard rack

Taking the maximum roof load into account, a maximum of two surfboard racks can be fitted per pair of basic carrier bars. Made from polyamide with spring steel reinforcements, providing cushioned support for the surfboards.

2 Alustyle tilt-down ski rack

Two ski racks can be fitted per pair of basic carrier bars (see illustration), each holding three pairs of skis with sticks. The simple and practical tilt-down mechanism makes it easy to load and unload.

3 Alustyle boat rack

Taking the maximum roof load into account, up to two boat racks can be attached per pair of basic carrier bars.

4 Alustyle ski and snowboard rack

For up to two snowboards or up to four pairs of skis

5 Alustyle luggage container

For transporting additional luggage. Capacity approx. 400 litres

6 Alustyle bicycle rack

Suitable for transporting cycles with a frame diameter of up to 82 mm. The support frame folds down, reducing wind resistance when driving without cycles attached.

Bike bag

Well protected in the dirt-repellent nylon bag, the mountain bike or street bike can be conveniently stowed in the boot

Shallow boot tub

Helps keep the boot clean. Non-slip. Suitable for foodstuffs

Non-slip mat

black | Prevents objects in the boot from sliding around

Luggage nets

black | Luggage nets for the floor and the sides of the boot help keep various objects securely in place and prevent them from sliding around when you're on the move

Thanks to the CAR.RY system, the new Mercedes-Benz bikes can be folded up in a few simple steps and transported in the boot

Full-suspension mountain bike

Excellent ride comfort, thanks to the air suspension system, Shimano disc brakes, professional Shimano XT gears and folding cross-country handlebars

Full-suspension street bike

High-tech all-round bike with air suspension, Shimano gears, disc brakes and state-of-the-art lights

Note: For more detailed information, see our separate Mercedes-Benz bikes brochure

Travel

Business as usual?

Mercedes-Benz S-Class drivers expect exceptional accessories, designed to the highest of standards. Which is why our development team came up with the BusinessCase. This is more than just another briefcase: the BusinessCase also acts as a high-tech safe for your laptop, and an intelligent office assistant. Other elegant and sophisticated travelling companions also await you in this section. For short trips or long-haul journeys.

BusinessCase

Travel accessories

BusinessCase

Your mobile office in suitcase format. With separate laptop compartment, theft alarm and 12V socket.

Laptop not supplied. For further details, see the Mercedes-Benz BusinessCase brochure.

Suitcases

black | Made from high-quality calfskin.
Available in various sizes and designs.
For details of other accessories, see the
“Mercedes-Benz Collection” brochure

Luggage set

Consists of four bags. Precisely tailored to the interior dimensions of the sports and luggage container

Coolbag
Capacity: 14 litres.
The outside pocket offers additional stowage space.

Cleanbag
The ideal way to keep your S-Class clean when you're on the move: the small “Cleanbag” for rubbish is simply attached to the net in the front passenger footwell or to the ruffled pocket on the back of one of the front seats.

Personality

Every car needs wheels - but we offer you more.

Your S-Class has high-tech artefacts which round off the superior driving sensation perfectly.

Our light-alloy wheels, ranging from sporty to elegant, offer maximum individuality and a stunning look.

We've redefined the wheel for the S-Class.

Light-alloy wheels

Rudmatic-Disc snow chain system
Provides a secure grip in snow. A plastic ring prevents your wheel from being scratched.

Almaaz | 15-spoke wheel
incenio designer wheel

Note:
You will find further attractive wheels for your S-Class in our light-alloy wheels brochure

AMG

S-Class and AMG. An unbeatable combination.

Sporty elegance redefined. Look on the fine extras shown here as a little suggestion as to how perfection can be achieved.

Bodystyling | Accessories

AMG bodystyling
 Take the dynamism of the S-Class to the limit. Front apron, rear apron and side skirts: AMG bodystyling ensures a sporty look, wherever you drive

AMG rear silencer
 The AMG rear silencer with chromed, twin exhaust pipes combines good looks and a discreet, sporty sound

AMG door sill panel, not illuminated
 An exclusive touch in ground and polished stainless steel

AMG floor mat
 With embroidered AMG lettering

AMG twin-spoke wheel
