M-Class

Mercedes-Benz

Some things in life are worth a closer look

If you're the owner of a Mercedes-Benz M-Class, there is a good chance that you appreciate, perhaps more than most, the value of products that combine the best attributes of both form and function. The M-Class exemplifies this concept, with its dynamic on-road handling, benchmark-setting off-road performance and multi-purpose utility - all superbly integrated in a beautiful rendition of contemporary Mercedes-Benz design.

Genuine Accessories from Mercedes-Benz follow this concept. Our engineers have designed an array of products to customize or extend the utility of your M-Class. All accessories are purpose-built to the same uncompromising technical, reliability and appearance specifications we commit to deliver on everything bearing the Three-Pointed Star. Whether it be a 6-twin-spoke alloy wheel, rear-seat entertainment system or a cargo management product, you are assured that accessories from Mercedes-Benz will meet your expectations for quality performance and design.

With this brochure we invite you to take a closer look at the wide range of automotive and personal accessories developed for the M-Class, available to you exclusively through authorized Mercedes-Benz dealers.

APPEARANCE

Nothing can change your vehicle's appearance quite as dramatically as its wheels. That's why we developed several dynamic wheels that accentuate the contemporary styling of the M-Class. Genuine Mercedes-Benz accessory wheels conform to the same high-quality standards for safety, durability and function as their factory-standard counterparts. They resist corrosion and are designed to deliver optimal performance for the M-Class, while giving your vehicle a more custom appearance.

Mercedes-Benz

Enhances your in-vehicle experience.

Who says you can't take it with you?

When you are safe in the confines of your M-Class, there is a whole big world you want to bring with you. There's a world of music, a world of entertainment, and a world of important people you don't want to lose touch with just because you are behind the wheel.

With your choice of Genuine Mercedes-Benz entertainment and communication accessories, you can take your music, your connections, and your path in life with options that keep you engage, keep you in touch, and keep you on course in pure Mercedes-Benz style.

Tele Aid

There at the touch of a button.

Mercedes-Benz doesn't think that you should have to face any of life's surprises – big or little – alone. Tele Aid can serve as your lifeline, your co-pilot, even your full-time personal assistant.

Tele Aid is a collection of services designed to keep you connected when you are in your vehicle. Tele Aid puts a variety of services at your fingertips with three simple buttons: SOS, the Wrench Button, and the i-Button. Touch one and you can contact a Tele Aid Response Specialist who is ready to assist in every way.

When you subscribe, you can choose between Tele Aid Security & Care, a package that brings an extra measure of security and peace of mind to your travels, or Tele Aid Luxury & Convenience, an additional cost premium package that offers you a genuine sense of ease and comfort that you've come to expect from Mercedes-Benz.

SOS Button

In case of an emergency, push the SOS Button for a Tele Aid Response Specialist who can notify police, paramedics, or other emergency personnel of your vehicle's location. SOS is automatically triggered in the event of an airbag or seat belt emergency tensioning device deployment.

Wrench Button

If you need Mercedes-Benz Roadside Assistance, push the Wrench Button. Service personnel will help you identify the trouble and if necessary dispatch Roadside Assistance.

¹ Tele Aid equipment is standard on all ML500 and optional on ML350 vehicles. The first year's basic Tele Aid Security & Care package is provided at no additional cost. Subscription and acquaintance call required for system to be active. Service operates only where cellular and Global Positioning Satellite System coverage is available.

See your dealer for details. Owner must authorize vehicle tracking by providing passcode and a valid stolen vehicle police report number. PIN code required to activate Remote Door Lock and Unlock.

Tele Aid

Choose the Tele Aid package that fits your lifestyle.

Tele Aid Security & Care¹

Now, Tele Aid Security & Care enhances your sense of security by providing:

- ▶ Emergency notification services
- ▶ Roadside Assistance
- ▶ Remote Door Unlock
- ▶ Stolen Vehicle Recovery
- ▶ Anti-Theft Alarm Notification
- ▶ and more.

With an active Tele Aid subscription, you may be eligible for a discount from your insurance provider.⁵

Tele Aid Luxury & Convenience³

The Tele Aid Luxury & Convenience package builds on the services of Tele Aid Security & Care and adds access to premium services that enhance your in-vehicle experience.

▶ Personal Concierge acts as your personal assistant on the road. Fulfilling your requests for nearly “anything, anytime, anywhere”... at the touch of a button. You can also use the Online Concierge, which allows you to access your Personal Concierge via your computer or even your PDA or anywhere you have Internet access.

▶ Enhanced Traffic Information provides full metro traffic reports within 30 miles of your location, metro street traffic, programmable radius traffic, details on traffic conditions along your route and more.⁴

▶ Route Assistance connects you to a trained specialist who has the resources to locate and help you to get to your destination.

i-Button

Push the *i-Button* to contact the Customer Assistance Center or to be connected to your preferred Mercedes-Benz dealer. You can also reach the Concierge Service, receive Route Assistance and Traffic Information.⁴

² Many insurance carriers offer comprehensive premium reduction for Mercedes-Benz vehicles with an active Tele Aid subscription. Check with your insurance carrier to see if you qualify for an insurance premium discount. Rates and eligibility may vary.

³ Concierge service available only in Tele Aid Luxury & Convenience package. Traffic Information, Point Of Interest Download, Destination Download, and Route Assistance use is included as part of Tele Aid Luxury & Convenience package at an additional cost, and are available at no additional per use charge when used with Tele Aid Security & Care package.

⁴ Traffic information is available in over 100 cities and is based on available broadcast data and is not available in all areas. Reports provided based on your vehicle's current location (within a 5-mile radius) or along any of up to five regular commutes that you program at the Tele Aid website. Route Assistance is limited to available digitized map data which does not include all areas or routes within area.

Mercedes-Benz Navigation System⁵

More than a map.™

- ▶ Available as factory or dealer-installed option, the Mercedes-Benz Navigation System is an in-dash console that combines Global Positioning System (GPS) technology with detailed electronic maps to allow you to plan trips, navigate detours, and help avoid you from getting lost. (Vehicle location is determined by the GPS system.)

The system covers more than 4.6 million miles of navigable roads in the 48 contiguous United States, plus Hawaii and Canada.

The Navigation System also offers 1.6 million Points Of Interest in 40 categories including ATMs, hospitals, hotels, airports, museums and more.

NavUpdate

Your Mercedes-Benz Navigation System relies upon a detailed electronic map to guide you to your destinations and help you find the services and attractions that you need and want in your daily life.

But things are constantly changing out there. Roads are added or diverted, restaurants open and close, hotels and hospitals are built, ATMs move. In fact, as much as 20 percent of the navigation data is updated every year. That is why Mercedes-Benz offers updated navigation data available for purchase from your authorized Mercedes-Benz dealer to help ensure that you always have current navigation information.

⁵ Navigation system data represents the 48 contiguous United States, plus Hawaii and Canada. Directional assistance provided only when GPS coverage is available. Maps do not cover all areas nor all routes within an area. While the navigation system provides directional assistance, the driver must remain focused on safe driving behavior, including paying attention to traffic and street signs. The driver should utilize the system's audio cues while driving and should only consult the map or verbal displays once the vehicle has been stopped in a safe place.

Interfaces for Hands-Free Communication System⁶

Keeping you in touch.

▶ The Mercedes-Benz Hands-Free Communication System offers state-of-the-art communications technology with the engineering expertise of Mercedes-Benz.

Unlike conventional systems, the Hands-Free Communication System seamlessly integrates into your vehicle and is engineered by Mercedes-Benz to provide optimum reception and sound quality while helping you keep your eyes on the road and your hands on the wheel.

The Hands-Free Communication System is available for vehicles with selected factory option packages. And we offer two ways to take advantage of it based on your lifestyle and how you use your mobile phone...

MHI Interface Cradle⁷

With the Multi-Handset Interface (MHI) Cradle, your phone is stored securely out of the way, it is continually charged so you never have to worry about a depleted phone battery in the car, and it links to an external antenna to provide the best possible reception when placing or receiving a phone call.

There are MHI Cradles available to accommodate a selection of popular mobile phones for most major carriers.

Bluetooth Interface Module⁷

With Bluetooth technology your phone connects wirelessly with the Hands-Free Communication System. Bluetooth supports hands-free audio and limited call handling functions. Since the phone is not connected in a cradle, battery charging and use of an external antenna are not possible. However you can keep your phone on your belt, in your purse... wherever it's convenient.

Regardless of the option that you choose for the Hands-Free Communication System, the experts at Auto Wireless Solutions can help you choose the right phone for your lifestyle and for your M-Class. For a current list of compatible phone models, visit AWS at www.Wireless4MB.com or call Auto Wireless Solutions at 1-800-226-7746 to speak to an advisor.

⁶ Always plug an approved phone into the cradle for use inside the vehicle or use the approved Bluetooth interface. Otherwise operating a phone or radio transmitter with its own attached or built-in antenna while the engine is running can interfere with the vehicle's electronic systems. For safety reasons, the driver should not use the cellular phone while the vehicle is in motion. We encourage the driver to stop the vehicle in a safe location before answering or placing a call. See your Mercedes-Benz dealer for current handset availability.

⁷ MHI Interface Cradle and Bluetooth Interface Module are sold separately and offer one year/unlimited mileage warranty.

Rear-Seat Entertainment System⁸

Being a passenger has never been so entertaining.

Who's riding in your back seat? Your kids' favorite superhero, a dashing leading man, or maybe it's your favorite comedienne? With the Mercedes-Benz Rear-Seat Entertainment System, you can bring along your favorite DVDs and your back seat becomes your own personal movie theater.

Your passengers are entertained and because DVD audio plays over wireless headsets, the driver can concentrate on driving with fewer distractions.

The Mercedes-Benz Entertainment System includes:

- ▶ A state-of-the-art DVD player mounted under the seat to protect it from everyday wear and tear
- ▶ A high-resolution 7" LCD color display that conveniently folds down when not in use for additional security
- ▶ A specially designed, child-friendly remote control featuring a sliding cover that exposes key buttons such as Play, Pause, Rewind, and Fast Forward. Picture quality controls and other advanced user options remain covered
- ▶ Two high-quality wireless headsets for tangle-free operation and easy storage
- ▶ Auxiliary jack enables the use of gaming devices (gaming hardware not included)

The Entertainment System supports movies in DVD format and music in CD, DVD, and MP3 formats.

Headphones

Remote-Control

⁸ Mercedes-Benz recommends that children be supervised while using the system.

iPod® Integration⁹

Your music. Your Mercedes-Benz.

Taking your personal music collection with you wherever you go has never been easier. Mercedes-Benz now offers seamless integration of your iPod into the audio system of your M-Class. With an interface that is compatible with any dock-connector equipped iPod, your iPod charges even while playing. Steering wheel controls and a visual display of the track information make your iPod a perfect fit with your Mercedes-Benz.

Control your iPod via steering wheel buttons:

- ➔ Navigate within the current iPod music menu, Fast-Forward and Rewind
- ➔ Volume control, Select, Change menu
- ➔ Display of current iPod selection¹⁰

CD Changer

Compact and convenient changer for up to 6 CDs. Plays conventional audio CDs and CDs with MP3 format audio files.

⁹ iPod is a product of Apple Computer. All iPod devices are sold separately.

UTILITY & CARE

Hitch-Mounted Bicycle Rack¹¹

This bicycle rack includes numerous updated design features to keep one or two bikes secure and your M-Class protected against damage. One innovative feature allows secured bicycles to pivot for cargo area access (pictured). Requires Trailer Hitch (sold separately).

Not for vehicles with Parktronic (audio-visual parking assistance system).

Hitch-Mounted Bicycle Rack Extension Kit (not shown)

Allows a third bicycle to be mounted to a pre-existing Mercedes-Benz bicycle rack.

¹¹ Bicycle rack not intended for driving when horizontally pivoted.

The M-Class opens up countless possibilities for exceptional highway cruising comfort and practical everyday use around town.

These pages contain a wide selection of products that provide solutions for your particular needs.

For instance, we offer bicycle carrier systems that mount either on the roof or to a trailer coupling. Or choose among the various other cargo racks for your sports equipment and luggage.

Battery Trickle Charger

For those extended periods when your M-Class will not be used, this charging device will help ensure that your battery is fully energized when you need it.

Trailer Hitch

Take advantage of your M-Class' considerable hauling capacity with our Class III trailer hitch, capable of towing up to 5,000 lbs. Designed especially for Mercedes-Benz with a corrosion-resistant surface treatment.

Mud Flaps

Designed to match the contours of the M-Class, these durable formed black plastic mud flaps will help protect your vehicle and followers from loose road debris, rocks and the corrosive effects of salty road spray. | Available in pairs for the front and the rear |

Not for AMG models or vehicles with AMG bodystyling. Front Mud Flaps cannot be installed with Side Running Boards.

Roof Cargo Containers

Create additional space for sports equipment and luggage with one of our aerodynamic, high-quality roof containers designed to nicely complement the M-Class. Constructed of lightweight, yet exceptionally durable, impact-tested thermoplastic material. Features pressurized struts for easy lid operation and a security lock. Comes in silver finish, which may be painted to match the body of your M-Class. Small model holds 11.5 cubic feet. Medium model holds 14 cubic feet. Large model holds 16 cubic feet. All models have a maximum load capacity of 110 lbs. Requires Roof Rack Basic Carrier (sold separately).

Always comply with vehicle maximum load requirements. See vehicle operation manual for details.

Ski & Snowboard Rack

This rack is made to tote up to four pairs of skis or two snowboards atop your M-Class. Requires Roof Rack Basic Carrier (sold separately), which can accommodate two Ski & Snowboard Racks.

Luggage Set for Roof Cargo Container

This set of four sporty and functional bags is designed to fit inside our Small or Large Roof Cargo Containers (sold separately). Constructed of durable, weather-resistant materials. Shoulder straps included.

Ski Rack Insert

Securely hold up to three pairs of skis and poles with this rack. Designed for use in our Small Roof Cargo Container (sold separately).

Basic Carrier Storage Bag

Protect your Roof Rack Basic Carrier in this nylon bag when not attached to your M-Class.

Roof Rack Basic Carrier

Our basic carrier is an essential component for attaching a wide assortment of items to the top of your M-Class. After easy installation, you can securely attach and lock bicycle, ski or snowboard racks, or a cargo container. Racks and containers are sold separately.

Bicycle Rack

This rack securely holds a single bicycle and attaches to the Roof Rack Basic Carrier (sold separately). Up to three bicycle racks may be supported on the Roof Rack Basic Carrier. Bicycles may be mounted to the rack before affixing to the carrier. Lock set available (sold separately).

UTILITY & CARE

Integrated Cargo Management System

Designed specifically for the M-Class, this piece of equipment has been cleverly engineered to partition your cargo area. It seamlessly integrates with existing mounting points in the vehicle. Once installed, the strong, lightweight aluminum netframe can be quickly secured into one of several positions to divide the space vertically, or horizontally to create a shelf. A system of elastic nets, bands and rubber hooks provides many options for securing cargo. The netframe is easily removed from the vehicle when desired.

Cargo Area Tray & Cargo Box

Protect the cargo area of your M-Class with this large tray with 2" sides. Formed from durable, easy-to-clean plastic to fit your vehicle. Use up to two optional cargo boxes to support and keep in place tall objects, such as grocery bags. Cargo box sold separately.

Nets, Floor/Side/Rear

Versatile and convenient, these high-strength nylon nets will help secure objects in your M-Class cargo area behind the rear seats, along the sides and over the floor. Each net is sold separately.

Wire Mesh Dividers

Versatile and sturdy, these three metal dividers easily partition the cargo area of your M-Class from the passenger space or in half side-to-side. Attaches to existing mounting points in the vehicle. Top, bottom and lateral dividers (each sold separately).

Cargo Divider Net

Separate the passenger and cargo areas of your M-Class with this sturdy yet lightweight net. Easily installed or removed, and fits neatly behind the front or second-row seats.

Collapsible Shopping Crate

Make your next trip to the market more convenient with this collapsible shopping crate. To save space, it folds flat when not in use. Dimensions folded: 2 x 13 x 18".

Loading Sill Protector

Protect the loading sill of your M-Class with this scratch-resistant cover. Coordinates nicely with chrome accessories.

| Not compatible with Appearance Package |

Reversible Cargo Mat

This non-slip mat pulls double duty to protect the interior carpet of your M-Class with a smooth, grippy side and a soft fabric side. Fabric side available in black, grey or beige. Easily converts to one of four configurations. Constructed of highly durable 100% polyester.

UTILITY & CARE

All-Season Floor Mat Set

These custom-designed rubber floor mats are a great way to keep the carpet in your M-Class in top condition. Deep channels trap water, mud and melting snow. Easy to clean. Four mats per set. Available in black, grey or beige.

All-Weather Floor Liners

Designed specifically to match the precise contours of the floor of your M-Class, these quality flexible plastic floor liners feature high sides to contain dirt and liquids for the best possible carpet protection. Set includes four tailored floor liners. Available in black, grey and beige.

Vehicle Cover

This UV-resistant 3-layer cover helps protect the finish of your M-Class from the elements. Made from breathable Noah® fabric, it combines an excellent fit with durable construction. | Lock and cable available separately |

All illustrations and specifications contained in this brochure are based on the latest product information available at the time of publication. Actual product offerings may vary from those shown or may be subject to availability delays or discontinuance. Mercedes-Benz reserves the right to make changes at any time, without notice, in colors, materials, equipment, specifications and models. Any variations in colors shown are due to reproduction variations of the printing process. Illustrations may include test situations. Some vehicles may be shown with non-U.S. equipment. Vehicles are shown with optional equipment.

Unsecured cargo can become hazardous in a collision. Always secure cargo using the floor-mounted tie-down hooks. Cargo nets and organizers are not intended to prevent objects of excessive weight and bulk from sliding or rolling in the event of a collision or sudden stop. Always drive with caution when driving with cargo.

Certain accessories may require additional components to complete the installation in your vehicle. Please consult your authorized Mercedes-Benz dealer for specific information about automotive accessories.

Call 1-800-FOR-MERCEDES to obtain the Lifestyle Collection personal accessories catalog, or visit thecollection.MBUSA.com to shop online.
