

The 2011 SLK-Class

Mercedes-Benz

The roadster redefined.

Mercedes-Benz and the classic roadster have been irrevocably linked for a century. So who better to refine this much-heralded and greatly loved class of motor car? We think you'll agree that the SLK keeps the spirit and passion of the roadster alive while combining it with a sense of refinement that's like no other.

An arrow to fire down the highway.

One glance reveals the bold, spirited styling. The distinctive nose and radiator grille emanate controlled aggression, and you'll immediately notice the sport alloy wheels and exhaust tailpipes. Its air-piercing, arrow-shaped body features exterior mirrors with integrated, arrow-shaped indicator lamps. There's divinity in the details as well – like in the darkened taillights and metallic paint choices. And finally, with the SLK 350's attention grabbing AMG Styling Package¹, it's clear that the SLK-Class has taken poise to a whole new pinnacle.

New for the 2011 SLK 300 and SLK 350 is the Avantgarde Edition, offering more value than ever before. Loaded with features previously only available as part of option packages, the Avantgarde Edition enhances an already exhilarating experience. It's yet more proof that the SLK-Class is as practical as it is sporty.

¹Not available on the SLK 300.

The ultra-civilized roof changes faster than the weather itself.

Press a button and in just 22 seconds, find yourself at one with the elements. The electro-hydraulic vario-roof moves backwards in a single elegant motion and disappears into the rear of the car, out of sight. Thanks to its intelligently designed folding mechanism, the SLK is able to offer a truly impressive amount of trunk space when the roof is lowered. When the roof is raised, the tinted windows provide a pleasant cooling effect, while at colder temperatures the heated rear window gives you a clear view of those desperately trying to keep up.

To keep your comfort optimized there's standard THERMATIC dual-zone automatic climate control on the SLK 300 and THERMOTRONIC dual-zone automatic climate control with digital display, automatic airflow control and moisture and air quality sensors – standard on the SLK 350 and SLK 55 AMG.

Master the sport of luxury.

Lose yourself in a world where sport meets luxurious detail. The seats, with their sporty contours and magnesium frames, are not only stunningly attractive but also offer plenty of lateral support during dynamic cornering. The soothing, heated seats are fitted with handy clothes hooks and are draped in fine, soft leather upholstery. Standard exclusively in the SLK 55 AMG is premium, hand-fitted AMG Nappa leather¹, the pinnacle of uncompromising style and comfort.

When the season cools off, enjoy pleasantly warm air on the back of your neck with AIRSCARF neck-level heating. Select different temperature settings while the blower adjusts automatically to the vehicle's speed.

Take hold of the sport steering wheel with standard multi-function buttons. The instrument cluster immediately catches your eye with its red needles and elegant 3D-look instrument rings with chrome borders. All the information you need lies perfectly laid out before you.

It all adds up to pure luxury, a sport well worth mastering.

Race-bred chronometer-style gauges complement the SLK's cockpit, featuring a speedometer, fuel gauge, tachometer and multifunction display. Silver trim contrasts with the darker sculpted dash.

¹Not available on the SLK 300 and SLK 350.

Knowledge is power.

Mercedes-Benz wants to keep you completely informed, so there's a plethora of ways for you to stay connected, entertained and assured. It begins with integrated Bluetooth connectivity for mobile communication devices. The in-dash AM/FM weather-band radio features an MP3-compatible 6-disc CD changer. For even greater flexibility, the standard Media Interface allows you to connect to three different devices, featuring inputs for your iPod®, a USB input for memory sticks and an auxiliary audio input¹. All of which can be controlled by the multifunction buttons on your steering wheel. Take your symphonies to another level with the 500 watt harman/kardon® LOGIC7® surround sound system².

Our available COMAND APS control and display system³ puts all the necessary information on a 6.5" high-resolution full colour screen in view. It combines hard drive navigation, an SD memory card slot for MP3 playback, audio and telephone into one intuitive and elegant design.

SIRIUS Satellite Radio⁴ is at your fingertips, integrated into your vehicle's audio system. It's easy and works seamlessly with your vehicle radio controls just like you expect your vehicle radio to work; including the ability to preset your favourite channels. Visit sirius.ca/mercedesbenz for more information about additional features.

With 120 channels of music, sports, news, talk, and comedy, SIRIUS brings you the freedom to choose your audio experience wherever you drive. With coast-to-coast reception coverage, listen to what you want, when you want, in your SIRIUS equipped SLK-Class. And since every SIRIUS subscription includes free online listening, you can keep listening to SIRIUS in those moments when you only wish you were driving.

Whether it's listening to the latest news during the morning commute on CNN Radio, escaping the stress of work at the end of the day with Raw Dog Comedy, or enjoying the open road with your favourite song, SIRIUS delivers what you need wherever your journeys take you.

At the heart of it all: impassioned vitality.

The SLK-Class' engines provide not only a perfectly tuned treat for the ears; their lively performance is equally impressive, to say the least. How impressive? Catch your breath with a V-6 engine on the SLK 300 that accelerates from 0 to 100 km/h in a mere 6.3 seconds. Consider that total displacement is 3.0-litres with net power of 228 hp. The V-6 sport engine on the SLK 350 is even more breathtaking. Its exceedingly muscular power plant delivers an awe-inspiring 300 hp and 266 lb-ft of torque. This adds up to a sprint from 0 to 100 km/h in just 5.4 seconds. That's nothing short of exceptional performance.

Now we arrive at the king of all the engines. The AMG V-8 engine mounted in the SLK 55 AMG launches the roadster from 0 to 100 km/h in a mere 4.9 seconds; its stunning 355 hp output generates grins and goose bumps with the push of a pedal.

When the road throws you a curve, hit it out of the park.

Enjoy the sport of driving with the help of an impressively designed 6-speed manual transmission, which comes standard in the SLK 300 and SLK 350¹.

Optional for the SLK 300 and SLK 350 is the 7G-TRONIC 7-speed automatic transmission¹. The use of seven speeds results in smaller intervals between ratios, and due to the multiple downshift principle, the transmission skips some gears under kick-down for faster acceleration. The use of seven speeds also reduces average engine speeds, and in turn, lowers fuel consumption.

On the SLK 350, the optional 7G-TRONIC includes a double declutching function on downshifts to maximize performance while the SLK 55 AMG is equipped with AMG SPEEDSHIFT² enhancements to ensure maximum performance while maintaining supreme ride comfort.

¹Not available on the SLK 55 AMG. ²Standard on the SLK 55 AMG. Not available on the SLK 300 and SLK 350.

Take hold of the road like never before.

“Handles like a roadster” is a term of praise and this roadster ups the ante.

Enjoy the confidence that comes with an astonishingly responsive sport suspension, a sophisticated, powerful braking system, and performance tires. Direct Steering with variable-force assistance delivers an exacting response to driver input. In addition, the system also provides greater ease of steering exactly when needed – during the intricacies of parking for example. Even the little extras have a huge effect, such as the rain-sensing windshield wipers and intrinsically clever auto-dimming mirrors.

Inside, the power steering column with 3-position memory¹, stores the settings for the steering wheel, mirrors and the supremely comfortable 10-way power-adjustable sports seats¹. From top to bottom, the SLK-Class caters to those with the pre-eminent driving experience in mind.

¹Standard on the SLK 350 and SLK 55 AMG. Not available on the SLK 300.

Safety is our obsession.

Until the day cars are able to anticipate and avoid collisions altogether, we are committed to protecting you from unforeseen driving hazards with our comprehensive range of intelligent active and passive safety concepts.

ESP® AND BAS

If your vehicle is in danger of skidding, the Electronic Stability Program (ESP®) helps stabilize the vehicle by braking one or more wheels as required¹, and adjusting the engine output accordingly. Working in tandem, the Brake Assist System (BAS) recognizes emergency braking by the speed with which you lift off the accelerator and press the brake pedal, immediately applying maximum braking force if necessary.

HEADLAMPS

The SLK 300 is equipped with standard clear-lens halogen headlamps that provide optimum illumination without affecting other drivers. The SLK 350 and SLK 55 AMG are equipped with Bi-Xenon headlamps² that feature dynamic range adjustment, headlamp washers and the cornering light function for added illumination.

THE PASSENGER SAFETY CELL

Our inner strength includes superbly engineered crumple zones, outstanding torsional stiffness and rollover bars ingeniously anchored in the body for additional protection.

AIR BAGS AND SEAT BELTS

In the event of a head-on collision, the restraining effect of the seat belt tensioners works in tandem with the adaptive driver and passenger air bags³. These have a two-stage deployment system, which is triggered according to the severity of the impact. Two additional, highly sensitive crash sensors at the front of the vehicle detect the severity of the accident with an even greater degree of precision.

Furthermore, the SLK-Class is equipped with head/thorax air bags. Fitted in the outside edge of the seat backrests, these enlarged air bags offer additional head protection by inflating to prevent any contact between occupants and the door/window in the event of a side collision. Potential hazards are detected by the rollover sensor, which triggers both belt tensioners and the head/thorax air bags in certain sideways rollover situations.

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires. ²Standard on the SLK 350 and SLK 55 AMG. Not available on the SLK 300. ³WARNING: The forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. See Operator's Manual for additional warnings and information on air bags, seat belts and child seats.

It can feel you staring.

But who can help it with the truly exquisite exterior of the SLK 55 AMG¹ roadster? Then consider a 0 to 100 km/h time of 4.9 seconds. Quite a performance pedigree. With its AMG-built 5.5-litre V-8 engine, the SLK 55 AMG is unique in its class, delivering a sonorous 355 hp and peak torque of 376 lb-ft. The power flow to the wheels is managed by the 7G-TRONIC automatic transmission with AMG SPEEDSHIFT enhancements for precise gear shifts.

There's a lot that accompanies the power and muscle of the SLK 55 AMG. Along with the corner-hugging AMG sport suspension, there is aggressive body styling and the AMG 18" twin 5-spoke alloy wheel design, reserved exclusively for you. The details continue to impress with the AMG sport exhaust system with dual twin-chromed tailpipes and the AMG high-performance brake system with composite discs and 6-piston fixed calipers.

The interior, meanwhile, welcomes you with the finest-quality AMG Nappa leather upholstery, AMG sport seats, an ergonomic AMG sport steering wheel with shift paddles in silver-coloured aluminium, and the assertive AMG instrument cluster with RACETIMER. There's also a standard navigation system that knows where you're going before you do.

Little wonder the SLK 55 AMG roadster draws stares. You don't mind, do you?

¹Only available as a 2010 model.

 **AMG**

Express yourself.

Colour is the most personal choice of all. So which one expresses you best? And which interior do you choose to live in? After all, the perfect finishing details are what make an automotive masterpiece. And here's a reassuring thought: both solid and metallic paint finishes benefit from an extra scratch-resistant clear coat. This makes your colour less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

Nobody can get inside your head. But they can get inside your car.

Custom-design your SLK 55 AMG like no one else, with the help of our *designo* range, which is comprised of many exclusive metallic paint finishes, fine woods and high-quality leather upholstery – or combined leather and Alcantara with striking double stitching. Matching leather trim elements and leather trimmed rollover bars are also available.

You can also specify *designo* wood trim elements, in *designo* Anthracite Tamo or *designo* Natural Poplar. Or, choose an Alcantara roof liner. Depending on which *designo* trim or upholstery elements you select, we can also supply the steering wheel and selector lever in two-tone *designo* leather or in a *designo* wood/leather version.

Please see your dealer for details.

Superb finishing details like leather-wrapped rollover bars in Classic Red reaffirm the SLK-Class' European roadster heritage.

What comes between you and the road.

Grabbing the eye as well as they grip the road, all four SLK-Class wheel options are designed with the same philosophy as the rest of this inspired vehicle. Style, substance and safety are the cornerstones of Mercedes-Benz, and none of them were spared while developing these impressive wheels.

Crowning glories.

Drive through your kingdom in high-class customized style, with genuine Mercedes-Benz accessories. All Mercedes-Benz accessories are a cut above, having been designed and manufactured to the highest standards for design, engineering, quality, form and function. Added nuance and unique refinement are just the things to make your SLK-Class a distinctively rich driving experience.

Illuminated Door Sill Panels

Every time you open the door to step in or out, the eye-catching illuminated blue Mercedes-Benz lettering is activated. These illuminated door sill panels, in ground stainless steel, are just another "highlight" of the SLK-Class.

Chrome Grille Inserts Set

Distinctive chrome trim elements for the front bumper and the cross fins of the radiator, help round out the general sporty appearance of the SLK.

Shallow Trunk Tray

With a precision fit-to-trunk contour and non-slip surface, the Shallow Trunk Tray helps protect your trunk carpet from dirt and spills when transporting items. Easy to remove and simple to clean, this tray adds a little peace of mind to your drive.

iPod® Integration Kit

You've spent time carefully filling your iPod® with the great music you love. Now you can enjoy every minute of every song as you cruise to the tunes, courtesy of the iPod® Integration Kit.

A passion for things done right.

It's what you expect from Mercedes-Benz. A passion for craftsmanship and attention to detail is what sets Mercedes-Benz apart from all other manufacturers. This passion drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience unlike any other, including the valuable benefits described below.

24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service

Owning a Mercedes-Benz means that when you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz people who can talk you through the finer points of working your car's audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It's that simple.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we've got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

There's virtually so much more.

Visit www.mercedes-benz.ca and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Get information about any of our vehicles, including financing and leasing options, upcoming models, and how to configure your own ideal Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.

To be continued. With a test drive.

Nowhere is a Mercedes-Benz so convincing as on the road. It is only there that you can fully experience the effortlessly superior handling that makes this car so special. You can feel how the powerful engine drives the vehicle onwards and how the precise steering movements have a direct effect on your own mood. The special atmosphere that arises during a drive in a Mercedes-Benz cannot be put down on paper. That's why we would like to invite you to reserve an appointment for a test drive at your local Mercedes-Benz dealer. Or visit www.mercedes-benz.ca. We look forward to seeing you.
