

The 2012 CL-Class

Mercedes-Benz
The best or nothing.

CL 63 AMG Coupe.

Dominant yet graceful, the Mercedes-Benz CL-Class is an absolute triumph of engineering, innovation, and design. With legendary craftsmanship and unparalleled performance, the CL-Class sets the bar on how a sophisticated sports coupe should be, period.

The crossroad of passion and precision.

Every design detail of the 2012 CL-Class comes together perfectly. Linked by the powerful arch of the roof, the front and rear pillars join to form a characteristic and seductive roofline. The muscular contours of the side wings and distinctive arched shoulder beautifully help to complete the package. The result: timeless styling that is as dynamic as the power within.

Exterior power folding mirrors provide convenient control while parking or maneuvering in tight spaces.

CL 550 4MATIC™ Coupe.

CL 550 4MATIC™ Coupe interior.

Pleasure. An engineering principle.

Feeling good is an exact science. Like a bespoke suit, the interior of the CL-Class is tailored to meet and surpass the greatest of desires. With a vast selection of materials to customize, including leather and wood trim every detail of the CL-Class is coordinated to perfection, leaving you with a unique interior guaranteed to take your breath away.

Ambient lighting adorns the interior with polar, solar and neutral colour options.

CL 550 4MATIC™ Coupe.

Remarkably sophisticated, surprisingly simple.

The CL-Class combines audio, telephone and navigation functions via the COMAND APS control system. An 8" colour screen situated conveniently within the vehicle's dash provides detailed vehicle and navigation information and is controlled through a discreet multifunction controller in the front centre armrest. Additional control is offered through the LINGUATRONIC voice control system allowing the flexibility of hands free calling.

With 600 watts of power and 14 speakers, the CL-Class provides impressive entertainment. The show will certainly begin with the harman/kardon® LOGIC7® surround sound system featuring unparalleled sound quality. Audio capabilities are further enhanced with the SD card slot for reading and transferring up to 4GB of MP3s. For added enjoyment and safety, the MP3-compatible 6-disc, single slot DVD player (including all control buttons) is perfectly positioned beneath a convenient, one-touch-opening cover on the dashboard console. For your listening pleasure, SIRIUS Satellite Radio¹ features 120 channels, including 100% commercial-free music from every genre, plus sports, news, talk and comedy – all with crystal-clear, coast-to-coast coverage.

¹ © 2011 SIRIUS Satellite Radio Inc. "SIRIUS," the SIRIUS dog logo and related marks are trademarks of SIRIUS Satellite Radio Inc. Complimentary 6 months of service included. Monthly subscription required for service thereafter.

Increased adrenaline. Reduced emissions.

At Mercedes-Benz, we don't believe in compromise. Our BlueEFFICIENCY philosophy ensures that environmental responsibility plays a major role in all we do. We do this at all levels of vehicle development and production – and therefore take a comprehensive approach to all the potential factors relating to drive systems, lightweight construction, energy management and fuels. This all-round approach also includes aspects such as total emissions, choice of materials, development, production, use and servicing, right up to eventual vehicle recycling and disposal.

Grabs the road as easily as it does attention.

With our award-winning 4MATIC™ permanent all-wheel drive system delivering optimal traction regardless of road conditions, the CL-Class knows no boundaries. 4MATIC™ incorporates the 4-wheel Electronic Traction System (4ETS), monitoring each wheel for slippage and individually braking wheels to maintain the balance of power. By continuously ensuring that power is transferred to the wheels with grip, 4MATIC™ will keep you going, even if only one wheel has traction. The CL 550 4MATIC™ Coupe delivers the outstanding control of all-wheel drive without sacrificing true sport-coupe driving enjoyment.

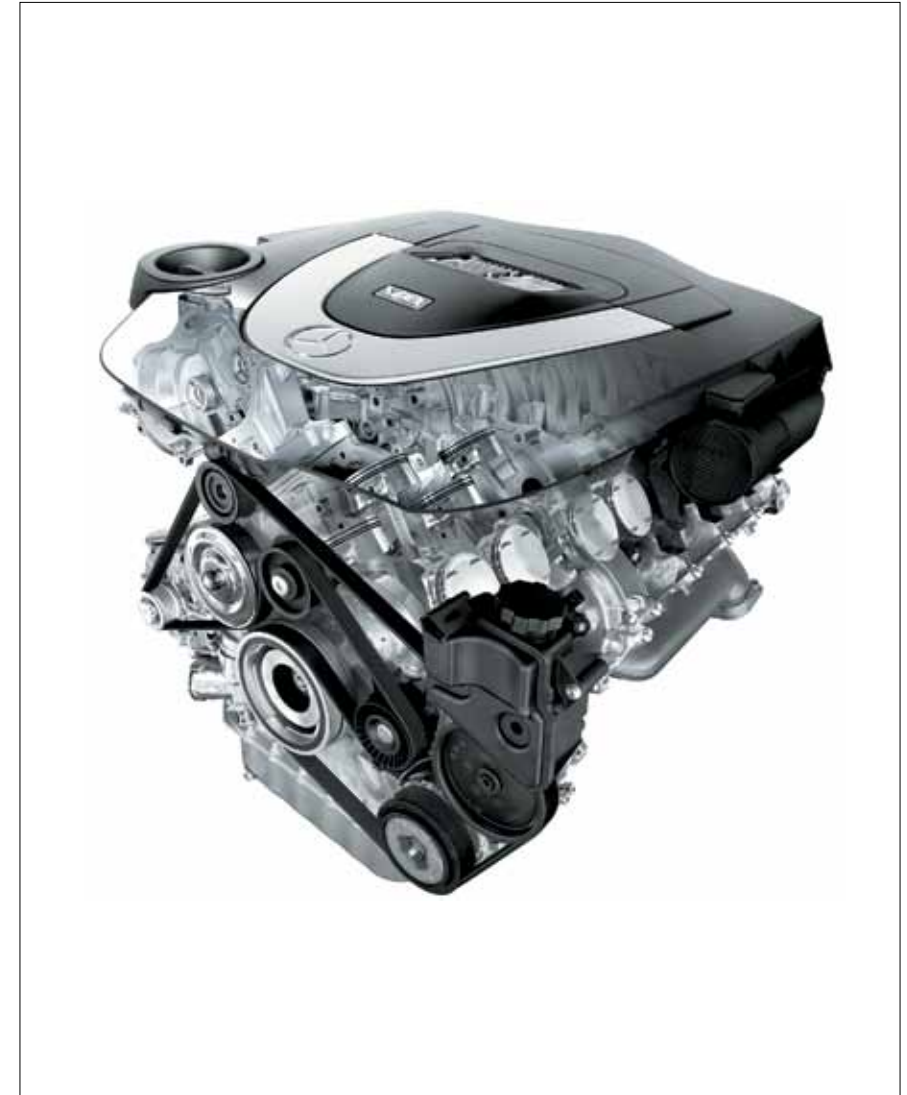

CL 550 4MATIC™ Coupe.

Even power and control are sophisticated.

The 4.6 L bi-turbo V8 engine in the CL 550 4MATIC™ Coupe produces 429 hp and 516 lb-ft of torque resulting in performance of 0 to 100 km/h in 4.9 seconds. The bi-turbo V12 engine in the CL 600 Coupe – one of the world's most powerful production car engines – produces 510 hp and a staggering 612 lb-ft of torque. From a standstill, 100 km/h is reached in a quick 4.6 seconds.

Both these muscular powerhouses are balanced by transmissions of equal intelligence. The CL 550 4MATIC™ Coupe operates swiftly with the 7G-TRONIC automatic transmission as standard equipment making for smoother cruising, more responsive acceleration and even improved fuel efficiency. The CL 600 Coupe is fitted with a 5-speed automatic transmission with driver-adaptive technology that will analyze and learn driving patterns and adjusts its shift points accordingly.

To elevate ride smoothness and comfort, the CL-Class features self-leveling AIRMATIC air suspension¹ to help keep ride height constant at all times. For even more driving pleasure, the Adaptive Damping System (ADS) allows you to adjust suspension firmness at the touch of a button. And in the CL 600 Coupe, CL 63 AMG Coupe and CL 65 AMG, Active Body Control² (ABC) – one of the industry's most advanced suspension systems – virtually eliminates body roll during cornering.

4.6 L bi-turbo V8 engine.

¹Standard on the CL 550 4MATIC™ Coupe. Not available on the CL 600 Coupe, CL 63 AMG Coupe and CL 65 AMG Coupe. ²Not available on the CL 550 4MATIC™ Coupe. Standard on the CL 600 Coupe, CL 63 AMG Coupe and the CL 65 AMG Coupe.

The Adaptive Damping System (ADS) allows for quick adjustments of the suspension to accommodate driving style.

Technology that expects the unexpected.

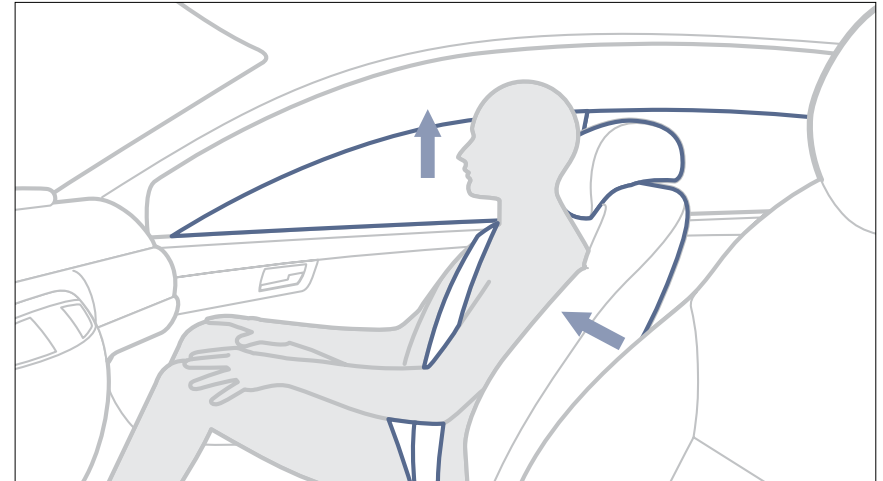

From vehicle motion, stability, braking, to even lighting; sensors and programs work together to monitor the CL-Class and adjust as needed to provide ultimate protection against danger.¹

In the urgent moments just after an accident, our built-in technology even helps aid rescue efforts. Following a collision, our intelligent system automatically carries out a range of safety measures: the engine shuts off and hazard signals and emergency interior lighting switch on, the side windows are partially lowered and the doors are unlocked.

Anytime an airbag² or Emergency Tensioning Device is activated, the vehicle engages the standard TeleAid System³, putting your vehicle in touch with the TeleAid Emergency Response Center, where trained specialists can assess the situation and alert emergency services.

Mercedes-Benz understands that when it comes to safety, time is of the essence.

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires. ²WARNING: The forces of a deploying air bag can cause serious or fatal injuries to a child under age 13. Children under 13 should be seated in the back seat if possible. See Operator's Manual for additional warnings and information on airbags, seat belts and child seats. ³First year's monitoring provided at no cost. Subscription is required for service to be active thereafter. TeleAid operates only where cellular and Global Positioning System coverage is available.

PRE-SAFE® will automatically activate critical safety functions seconds prior to an accident to ensure maximum protection.

Night View Assist utilizes radar technology to assist during night time driving.

The energy-absorbing crumple zones in the front and rear sections, an extremely robust safety passenger cell, and the doors with special reinforcing elements form an effective defensive barrier in an emergency.

The car Formula One drivers drive to work.

For the ultimate in performance, the CL-Class is also offered in two unique and powerful AMG models.

The CL 63 AMG Coupe boasts the AMG 5.5 L bi-turbo V8 engine with 536 hp and 590 lb-ft of torque. This engineering masterpiece produces more horsepower and torque over the out-going engine while reducing emissions and achieving approximately a 10% increase in fuel efficiency. Combined with the AMG

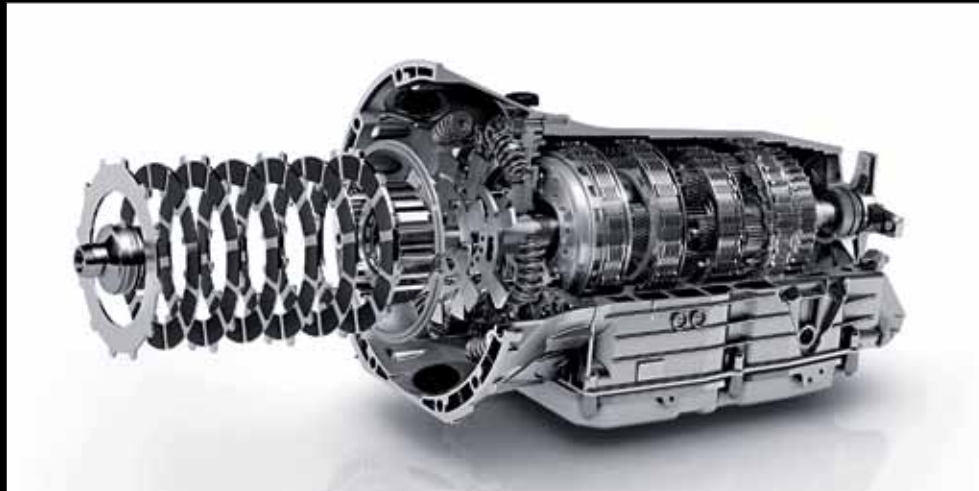

SPEEDSHIFT MCT 7-speed sports transmission, the CL 63 AMG Coupe offers a choice of three different shift modes.

The CL 65 AMG Coupe houses the AMG 6.0 L V12 bi-turbo engine that delivers a staggering 621 hp and 738 lb-ft of torque. A 5-speed automatic transmission with AMG SPEEDSHIFT enhancements supports quick and efficient gear changes.

Each AMG model also incorporates unique exterior and interior styling features, including special leather and detailing, two chromed dual tailpipes, a front apron with enlarged air intakes, side skirts, a rear apron and AMG 20" 5 twin-spoke alloy wheels with staggered performance tires.¹

¹Not recommended for winter use.

CL 63 AMG Coupe.

AMG

The ultimate designer is you.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you've made the right choice. Because with a selection of both solid and metallic paint finishes benefiting from an extra scratch-resistant clear coat, your CL-Class colour is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

As individual as you are.

designo offers a true feast for the senses. Once your eyes have taken in the many bespoke paint finishes and the leather combinations, you'll savour the scent of the fine leather and the touch of the exquisite wood surfaces. But it's not just the quality and workmanship that make *designo* so unique: it's also the almost infinite range of combinations. They allow you to give your Mercedes-Benz a signature all its own – as if you were furnishing your home.

The seats and door centre panels can be trimmed in *designo* leather in a myriad of shades. The unique upholstery fluting, with elaborately stitched double lap seams, is exclusive to *designo*. Rich alcantara headliners are also available.

Have we whetted your appetite? See your dealer for further details.

Fine craftsmanship ensures exceptional luxury and quality.

Exclusive appointments provide an unmatched interior character.

The CL-Class interior adorned in *designo* leather upholstery.

Make the most of your CL-Class.

Beyond our legendary standard features and attractive options is an array of practical and elegant accessories. Mercedes-Benz Genuine Accessories offer finishing touches that refine the power, style and convenience of your CL-Class. A passion for things done right.

A passion for craftsmanship and attention to detail – it's what you'd expect from Mercedes-Benz. It drives us to set new standards in design, performance, comfort and safety, and to continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience that includes the valuable benefits described below.

24-hour Roadside Assistance.

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We'll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period.

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties.

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service.

Owning a Mercedes-Benz means that when you have a question, we're here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz experts who can talk you through the finer points of working your car's audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It's that simple.

Trip interruption reimbursement.

If a breakdown covered by your New Vehicle Limited Warranty or optional

Extended Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we've got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

Mercedes-Benz is virtually yours.

Visit mercedes-benz.ca and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Get information about any of our vehicles, including financing and leasing options, upcoming models, and how to configure your own ideal Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.

To be continued. With a test drive.

Nowhere is your CL-Class so convincing as on the road. It's only there that you can fully experience the superior handling and power that makes this car so special. Feel the engine move you forward, and watch your heart rate rise with the speedometer. That unique feeling in your stomach cannot be put down on paper. That's why we would like to invite you in for a test drive at your local Mercedes-Benz dealer. Reserve your appointment today, or visit mercedes-benz.ca. We look forward to seeing you.
