

The 2012 GLK-Class

Mercedes-Benz
The best or nothing.

Mercedes-Benz interpreted, and defined—the GLK.

The GLK-Class is, in the truest sense of the word, a completely original form of Mercedes-Benz. In it, two strong personalities merge to create a vehicle concept as distinctive as it is innovative. And yet the GLK-Class remains true to its roots. Even though this unmistakable vehicle interprets the Mercedes-Benz idea in the most independent fashion, the GLK-Class embodies high standards of agility, safety and comfort, as well as the courage to explore new territory – even before it hits the road.

GLK 350 4MATIC™.

GLK 350 4MATIC™.

Strong personalities have distinct appearances.

The absolutely unique design of the GLK-Class is based on striking lines and represents a bold departure from conventional styling. Distinctive lines dominate the door areas between the accentuated wheel arches while a powerful and angular front hood gives the GLK-Class a stylized character. With standard 20" 5 twin-spoke wheels, and aluminium roof rails, the styling of the GLK-Class sends out a clear message, no matter which angle it's viewed from. Functional Active Bi-Xenon headlamps¹ and LED daytime running lights add to the already striking appearance of the 2012 GLK-Class.

Power adjustable heated exterior mirrors.

¹Only available as part of the Premium Package.

As attractive inside as it is out.

You want good looks and outstanding reliability in every situation. You want versatility – a spacious island of calm in the urban jungle, but also a superbly ergonomic driving position to help you negotiate challenging terrain when you venture off-road. Take a seat in the 2012 GLK-Class. You will find right away that the interior picks up on the exterior design: expressive lines and a contemporary approach emphasize the interplay of different surfaces ensuring that the distinctive character of the GLK-Class is clearly reflected.

The 8-way power-adjustable front seats can conform to your every curve. As part of the new Convenience Package with memory package, the touch of a button can automatically recall the exact seat configuration, head restraint height, steering wheel, steering column, lumbar and mirror positions that are most favoured. Also included in the Convenience Package is KEYLESS-GO, which allows you to enter and start the GLK-Class electronically without the use of a key. Additionally, a power adjustable passenger's seat, a storage box under the driver's seat and a 115V power socket complete the Convenience Package.

Down to the smallest detail, outstanding workmanship and materials characterize the interior like no other. The high-quality look and feel is designed to meet even the most exacting standards, and the perfect interior ergonomics make driving the GLK-Class an almost intuitive experience.

GLK 350 4MATIC™.

GLK 350 4MATIC™.

A feast for your eyes and your ears.

Though technologically advanced, the GLK-Class is remarkably simple to operate, thanks to a new and intuitive head unit. Expecting an important call? Standard Bluetooth integration lets you keep both hands safely on the steering wheel while driving, providing the convenience you require.

Optionally available on the GLK-Class is the Technology Package providing the convenience of the COMAND APS system with hard-drive based (HDD) navigation and 6 disc DVD changer and LINGUATRONIC voice control.

Those who appreciate truly exquisite sound quality and exceptional music variety will certainly be impressed with the optional Entertainment Package which offers the harman/kardon® LOGIC7® surround sound system and SIRIUS Satellite Radio.¹ An in-dash CD changer and 9-channel DSP amplifier maximize 12 loudspeakers and 510 watts of audio fidelity in true 5.1 channel sound with the harman/kardon® LOGIC7® surround sound system. SIRIUS Satellite Radio works seamlessly with your vehicle's radio controls with 120 channels of music, sports, news, talk, and comedy. SIRIUS brings you the freedom to choose your audio experience wherever you drive with coast-to-coast reception coverage.

Listen to what you want, when you want to, in your 2012 GLK-Class.

¹© 2011 SIRIUS Satellite Radio Inc. "SIRIUS," the SIRIUS dog logo and related marks are trademarks of SIRIUS Satellite Radio Inc. Complimentary 6 months of service included. Monthly subscription required for service thereafter.

Owens the road as easily as it does attention.

With our award-winning 4MATIC™ permanent all-wheel drive system, optimal traction is delivered under any road condition. By working seamlessly with our Electronic Stability Program (ESP®) and acceleration skid control (ASR) system, 4MATIC™ enhances your all-wheel drive advantage and offers a greater level of proactive safety¹. Our 4MATIC™ technology also incorporates the 4-wheel Electronic Traction System (4ETS), which monitors each wheel for slippage and individually applies the brakes to each wheel accordingly to maintain the balance of power. By continuously ensuring that power goes to the wheels with grip, 4MATIC™ will keep you going, even if only one wheel has traction.

With 4MATIC™, you get the outstanding control of all-wheel drive without sacrificing true driving enjoyment. Sharp steering and the balanced feel of a rear-wheel drive vehicle are retained, making the GLK 350 4MATIC™ a joy to drive in any season.

¹No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires.

GLK 350 4MATIC™.

4MATICTM
CONTROL

The sporty GLK 350 4MATIC™ 6-cylinder gasoline engine.

Power and presence in a sleek package.

Lively engine performance and long-distance comfort are far from mutually exclusive in the GLK-Class. On the contrary, this is a vehicle that aims to offer the best of both worlds. So it comes as no surprise that the engine under the bonnet of the GLK-Class stands out not just for its responsiveness, but for its abundant pulling power too. The sporty GLK 350 6-cylinder gasoline engine can go from 0 to 100 km/h in 6.5 seconds and musters up a maximum output of 268 hp.

The GLK-Class also comes equipped with the highly sophisticated 7G-TRONIC automatic transmission as standard. Thanks to its shorter shifts, 7G-TRONIC promises extra smooth gearshifts with no perceptible interruption in power flow.

Put the damper on boredom.

The GLK-Class delivers an extra portion of driving pleasure as standard, courtesy of the AGILITY CONTROL suspension with its unique selective damping system. This system automatically adjusts the suspension set-up to match the current road and driving conditions as required. Together with the precise steering that is perfectly in tune with the suspension system, the GLK-Class provides genuine versatility. Whether driving in the city, powering along open roads, or negotiating off-road terrain, the GLK-Class provides non-stop driving enjoyment.

What comes between you and the road.

The GLK-Class wheels were designed with the same philosophy as the rest of this inspired vehicle. Style, substance and safety are the cornerstones of Mercedes-Benz, and none of these attributes were spared while developing these impressive wheels.

20" 5 twin-spoke wheels.

20" AMG 5 twin-spoke wheels.

GLK 350 4MATIC™.

Take a hard line on safety.

You will enjoy the agility of the GLK-Class all the more thanks to the peace of mind provided by the Mercedes-Benz integrated safety concept. You will notice it in the raised seating position and good all-around visibility. And you will notice it in the numerous airbags including two-stage driver and front passenger airbags, driver's knee airbag, front side airbags, pelvic airbags and side window curtain airbags.¹ Three-point seat belts are standard for all seats, and the front and the outer seats in the rear include inertia-reel tensioners and belt force limiters. Should an airbag or Emergency Tensioning Device be activated, the vehicle can engage the optional TeleAid System², putting your vehicle in touch with the TeleAid Emergency Response Center, where trained specialists can assess the situation and alert emergency services quickly and efficiently.

ADAPTIVE BRAKE with hill-start assist as well as the Electronic Stability Program (ESP[®]) ensures that you benefit from the highest possible degree of safety. In a hazardous situation, the Brake Assist System (BAS) instantly calculates and builds up the appropriate brake pressure.³

○ Active safety systems

- Electronic Stability Program (ESP[®])
- Electronic Traction System (4ETS)⁴
- Brake Assist (BAS)

● Passive safety systems

- Two-stage airbags for driver and front passenger
- Driver's knee airbag
- Front side airbags
- Pelvic airbags
- Side window curtain airbags
- Front NECK-PRO head restraints
- Inertia reel tensioners and belt force limiters in the front and for the rear outside seats
- Passenger safety cell

¹WARNING: The forces of a deploying airbag can cause serious or fatal injuries to a child under age 13. Children under 13 should be seated in the back seat if possible. See Operator's Manual for additional warnings and information on airbags, seat belts and child seats. ²Subscription is required for service to be active. TeleAid operates only where cellular and Global Positioning System coverage is available. ³No system, regardless of how advanced, can overcome the laws of physics or correct careless driving. Please always wear your seat belt. Best performance in snow is obtained with winter tires. ⁴Only available on the GLK 350 4MATIC™.

GLK 350 4MATIC™.

An expression of character.

The finishing touches can mean the difference between a work of art and a true masterpiece. Whichever colour you opt for, you've made the right choice. Because with a selection of both solid and metallic paint finishes benefiting from an extra scratch-resistant clear coat, your GLK's colour is less susceptible not only to scratches, but also to sunlight, temperature variations, dust and soot.

The final touches.

Added nuances and unique refinements are just the things to make your GLK-Class a distinctively richer driving experience. Mercedes-Benz accessories are a cut above, having been designed and built to the highest standards for concept, engineering, quality, form and function.

Shallow Cargo Tray

Made from impact-resistant, non-split polyethylene, this odourless tray prevents loads from sliding around and protects the carpet from spills and dirt.

Rear Seat Entertainment System

This high-performance DVD system allows the rear passengers to watch DVD's, pictures and even video games on the two superb 7" LCD colour screens, without disturbing the driver or restricting the rear field of vision.

Chrome Door Handle Cups

An exclusive chrome design protects against scratches and helps round out the vehicles chrome package to perfection.

Roof Rack

Used in conjunction with other roof accessories, the roof rack system opens up a wealth of flexible options when it comes to transporting sports equipment and luggage. The rail-mounted basic roof racks also ensure the highest degree of safety and aerodynamics.

¹Stated rates of acceleration are based on the manufacturer's track results and may vary depending upon model, environmental and road surface conditions, driving style, elevation and vehicle load. ²Electronically limited. ³These estimates are based on Transport Canada testing methods. Estimates for the GLK-Class are based on 7G-TRONIC models. The actual fuel consumption of these vehicles may vary. Refer to the Fuel Consumption Guide. ⁴With standard equipment.

A passion for things done right.

A passion for craftsmanship and attention to detail – it’s what you’d expect from Mercedes-Benz, setting us apart from all other manufacturers. It drives us to set new standards in design, performance, comfort and safety. To continually build on the legendary traditions of Mercedes-Benz, and to provide you with an ownership experience that includes the valuable benefits described below.

24-hour Roadside Assistance

During the basic warranty coverage of 48 months and the time duration of the optional Extended Limited Warranty, Mercedes-Benz Roadside Assistance will be at your service. We’ll bring you some gas, replace a flat tire with your spare, or jumpstart your car. In the event of a mechanical breakdown, if attempts by our Roadside Assistance technician have not made your vehicle safely operable, towing service will be provided to the nearest Mercedes-Benz dealership. Assistance is available 24 hours a day, every day, to anyone driving a Mercedes-Benz anywhere in Canada or the continental U.S.¹

Wear and tear period

The following parts listed are covered for wear and tear during the first 24 months or 40,000 km, whichever comes first. Brake pads, brake discs, brake pad wear sensors and light bulbs.

Mercedes-Benz warranties

The Mercedes-Benz New Vehicle Limited Warranty covers defects in materials or workmanship for 48 months or 80,000 km, whichever comes first. To widen your window of confidence, you can opt for a Mercedes-Benz Extended Limited Warranty as well.²

Customer service

Owning a Mercedes-Benz means that when you have a question, we’re here to help. Customer Service is open from 9 a.m. to 5 p.m. EST, Monday through Friday, and is staffed with knowledgeable Mercedes-Benz experts who can talk you through the finer points of working your car’s audio system – or even assist you in locating the nearest Mercedes-Benz dealership. Just call 1-800-387-0100. It’s that simple.

Trip interruption reimbursement

If a breakdown covered by your New Vehicle Limited Warranty or optional Extended

Limited Warranty occurs more than 80 km from your home, leaves your Mercedes-Benz vehicle inoperable or unsafe to drive, and requires overnight repairs, we’ve got you covered. You will be reimbursed up to \$500 for hotel accommodations and up to \$600 for alternative travel expenses per incident while your car is being repaired at an authorized Mercedes-Benz dealership.

¹Vehicle must be accessible from main roads. Roadside Assistance may involve charges for parts, service and towing. Depending on the circumstances, these services may be provided by an outside service provider, courtesy of Mercedes-Benz Roadside Assistance. For full details of the Roadside Assistance Program, please see your dealer. ²Please see your dealer for warranty details as well as for terms, conditions and pricing for extended warranty options.

Mercedes-Benz is virtually yours.

Visit mercedes-benz.ca and open an online window to Mercedes-Benz Canada. Revel in the incredible photography of our vehicles and get a visceral impression of what it would be like to see yourself behind the wheel. Get information about any of our vehicles, including financing and leasing options, upcoming models, and how to configure your own ideal Mercedes online. Our website also offers details about the Mercedes-Benz Extended Limited Warranty, vehicle ownership, and much more on the fascinating story behind one of the world's most recognizable brands.

To be continued. With a test drive.

Nowhere is your GLK-Class so convincing as on the road. It's only there that you can fully experience the superior handling and power that makes this car so special. Feel the engine move you forward, and watch your heart rate rise with the speedometer. That unique feeling in your stomach cannot be put down on paper. That's why we would like to invite you in for a test drive at your local Mercedes-Benz dealer. Reserve your appointment today, or visit mercedes-benz.ca. We look forward to seeing you.
